To be taken out fish, except for the supply of the temporary waste, but during the summer season, the fish are taken out of the shore. During the winter they frequently employ themselves making up off and cure a large quantity of fish, which they usually exchange for the season's work, and, obtaining an additional...

* The 141 Servants set forth at foot of General Abstract for Ferryland are non-residents.

NORR.—The Census of the Labrador was curiously taken by the Superintendent of Fisheries, (JAMES L. FRENDENHAST, Esquire,) in 1856 and 1857, but it is not sufficiently correct or full to form a part of the foregoing Returns. The number of permanent residents, as given by that gentleman, from L'Anse-au-Loup to Sandwich Bay, both inclusive, including Belle Isle, is 1656, of whom 1331 are Protestants, and 219 Roman Catholics.

GENERAL RECAPITULATION.

Account of the respective numbers of Males and Females in the several Electoral Districts, and Divisions of Districts, and on the French Shore.

	No. of MALES.	No. of FEMALES.
